

2018 had just ended and we welcomed 2019, 7 days ago with open arms, the Gubatnon way ... *maogma, matuninong, may pagmakulog, may pagkasarayo, may pagmaw-ot, may positibong pananaw, may pagkamoot sa kada sayo*. As we are to travel again the days of 2019, we do it with clear heart and mind but it is just rightful for all of us to look back and be thankful for God's graces all along our journey in 2018 with some continuing tasks from July 2016 to present as your duly elected municipal officials. We are thankful for all the opportunities that came our way, grabbed it and complied for all its requirements no matter what, no matter how ... all for the love of Gubat. The blessings that we have shared together for the love of every Gubatnon, the challenges and trials that came our way and helped each other to resolved it together, united, happy and most of the time exhausted but satisfied, all because we love Gubat and every Gubatnon as one people and as one town.

To sum it up, this year and the previous year's achievements attached to 2018 as continuing projects, programs and activities (*mga paghinguha*) that resulted for Gubat to be a **multi-awarded municipality** */// (daghan an saato nakuha na mga award, yaa naman kita sa sirkulasyon, sikat na po ulit an Gubat)* in different aspects of governance to wit:

\*\*\* Doc: Award of CFM

1. **2018 Awardee on Child Friendly Municipality** *///* (rank 2<sup>nd</sup> for the province, on its 2 consecutive years of this same award ... thanks to MSWDO Zandra D. Pura duly supported by our RHU, MNC, POC and other concerned offices)

\*\*\* Doc: 2018 Award on Nutrition

2. **Tops the 2018 Regional Award on Nutrition** *///* (thanks to MNAO Renz E. Bino), *nabawi na po nato an dati kilaanon an Gubat* being a national banner awardee under the leadership of Cong. Deogracias B. Ramos Jr. during his time as Mayor of Gubat ... we will do it again in the next coming years to reach to the banner national, the challenge is for all of us. *Kaya nato ini!* We should all remember that the right to adequate nutrition is a fundamental, primary right for children. *An pagmakulog nato importantihon sa buhay, sa salud, nan sa kanira development nan dignidad pero an malnutrisyon sayo na dako-dako na threat sa well-being san lambang Filipino na bata (= poor school performance, fewer years of completed schooling, low earning power in adulthood).*

*Note: 14<sup>th</sup> Top Performing Barangay in Nutrition for the Province – Naagtan, Gubat, Sorsogon.*

\*\*\* 2018 Salud Bikolnon Award

3. **2018 Salud BiKolnon Awardee** *///* (thanks Dr. Anthony Lelis, MHO)
  - 3.1 Zero Open Defecation (Ms. Minda E. Dino, Sanitary Inspector)
  - 3.2 Best Implementer on Mental Health (thanks to the legislative support of Kons Valentin Pura IV and RHU staff)
  - 3.3 2017 Salud Bikolnon Awardee
    - 3.3.1 2017 Awardee on Best Implementer on Mobile Blood Donation Program
    - 3.3.2 Oplan Tsek-Up having a total of **4,824** patients checked through the help of our DSMB which started in August 2017 and this year's performance doubled to **8,815** (but because of the inefficiency of the DOH recommended internet server (i-clinicsys) the

reports did not reach on time as it closed as programmed ... **but the most important part here is**, we were able to deliver the medical/health needs of our people, the Gubatnons of free check-up right at their very barangay with free medicine, referrals, home visitations and other medical interventions through our **Local Health Program of Doktor sa mga Barangay**. Does anybody here from Gubat whose barangay wasn't visited by the DSMB? **This is the most important program of our municipality because we always believe that health is wealth and the greatest asset of our municipality is our people ...** *para sa mabaskog na Gubatnon, para sa mabaskog na Gubat, thanks to the team spearheaded by Dra. MariAnn Pura Ecleo, MD for DSMB and Dr. Teodoro Enteria, DMD. At this point, I would like to thank our Hon. Cong. Deogracias B. Ramos Jr., because an maw-ot niya sa salud, mao man an maw-ot ko nan pag-urupod ko ... nagkaparareho an saamo kamaw-otan and we were able to come up with this program, implement through counterparting scheme and we've done it with flying colors, don't you believe so?* This is also our entry to the Galing Pook's good governance on health.

\*\*\* Video on DSMB

\*\*\* Doc: Brigada Eskwela Bronze Award

4. **2018 Bronze Awardee on Brigada Eskwela** , we have given the most to our children's education from Early Childhood to the Tertiary Level to OSYs through TESDA/DOLE Technical Schools (one of the reasons why we are ranked 2<sup>nd</sup> in Sorsogon as Child Friendly Municipality for 2 consecutive years) but technically we didn't reached the silver or gold award for the simple reason that in our SB Resolution the amount was not spelled out which I explained to the DepEd Division during the ManCom last December 2018 held at Villa Isabel in Sorsogon City that we will never put an amount because it will hinder us from giving more to the schools as we will follow and implement what is stated in the SB Resolution. We give accordingly to the present needs, and that is the main reason. The amount disbursed in one school year can be certified through our accounting office and the treasury acknowledged by the recipient schools in our municipality which the DepEd will look into for consideration. The total disbursed amount to schools for CY 2018 amounted to Php3,240,411.02 .

To further boost that our support to education is not only on bronze level are the following:

- 4.1 ECCD/DCC – We have upgraded our Day Care Centers and some others are converted to Early Childhood Development Centers. Out of the 47DCCs, we have now upgraded 10 to ECCDs. ECCD Teachers were trained to impart the best to our children during the most important early years of their learnings. Facilities were rehabilitated including the visual aids which is a must tool in the learning process.

\*\*\* DCC and DCC to ECCD Facilities

In almost every contest joined by our students from elementary to college, be it in academics, extra-curricular as in scouting and sports, we are always in support to the best that we can but sometimes we also run out of budget, my apologies. *(Here in LGU, we are always following the right process, kun naubos na an budget for assistance as cases do happen, we will ask for re-*

*alignment/re-programming and SB approval before we can implement again, the gap in time is being resolved by right projection but sometimes naalangan talaga because of high demands specially on AICS, hoping for your understanding kun natamaan kamo san oras na ini.)*

4.2 Elementary Schools – free test paper production from 1<sup>st</sup> to 4<sup>th</sup> Grading Period

4.3 High Schools

4.4 Tertiary Schools – our continued program on LGU Scholarship in the Bicol University, Gubat Campus and the Sorsogon State College (with a total of 60 scholars added yearly, on a continuing basis assured of the budget until graduation, this will add up again by next school year of another set of 60 and so on ...) + financial assistance to some college students in other institutions.

Our interested youth who would like to pursue technical and other studies and earn National Competencies ... we have programs and offerings for technical trainings and we even support reviews for Civil Service Examinations for free with volunteer review teachers from within and outside LGU family.

4.5 OSYs

4.6 Working Students

*Salamatonon po san pag-share niyo san saiyo talent nan time (sayo san volunteers is my cousin, Juvy Fajardo-Yuzon who reviews the mathematical part ... for this year daghan po an punasar sa saato mga reviewees, meaning effective po an saato na review ... my congratulations! Diri lang po sa lado san pagreview may-on kita volunteer, mao man po sa lado san salud ... through the expanded local health board, Dr. Jose P. Quiring joined us in the DSMB whenever able to. Another volunteer work was the conduct of SARIBO, an agricultural forum through Mr. Noel Escobedo. Salamatonon po talaga kay nadedvelop na nato an partisipasyon san komunidad through volunteerism ... let us do it more in 2019!*

We are a **100% SEF implementer municipality**, this can be checked in our records and not all municipalities are doing this but we do it here and we do it more because we care so much for the future of our children. Let me quote Franklin D. Roosevelt, ***“We may not be able to prepare the future for our children, but we can at least prepare our children for the future.”***

5. Our Accounting Office had been on **COA unqualified opinion** (the highest COA Opinion), for 2 consecutive years already and last year we are a **National Awardee on Outstanding Accounting Office** by COA and AGAP Inc., along with other 11 municipalities all over the Philippines (thanks to Ms. Ava E. Obrique, Municipal Accountant), 2018 we are a nominee along with Pilar as Best Accounting Office in the Province ... sustaining transparency and good financial housekeeping in our governance. We would also like to thank our former COA Auditor Acct. Robert Beltran and our current COA auditor is Acct Alvin Endaya ... both are Gubatnons.
6. Criteria Met: **SGLG Assessment on Tourism, Culture and the Arts** by DILG

7. Agriculture/Livestock: **Ricky Encinares** – Top Performing LGU AI Technician and **Ruben Escaros** – Top Performing Village Based AI Technician, upgrading our native carabaos
8. Rank1 on **2018 POC Performance Audit** by DILG with a rating of 97.71%

All these, were hard-earned awards toward achieving a vision for GUBAT

**... to be a place of TRADE and INDUSTRY, AGRO & ECO-Tourism  
and Quality EDUCATION through SHARED Governance.**

**for TRADE & INDUSTRY:**

**\*\*\* Documentation: On-Going Construction of Gubat Public Market**

When we talk about trade and industry we practically mean the MARKET, the major contributor of our local revenue that was totally destroyed by fire in June 2014 with several establishments scattered unplanned within the market vicinity (*maramukon*), wet sections were within the street of Zulueta with no drainage, no water, no roofing but all foul odours everywhere (*very unsanitary*) ... the first phase of the market was on a stop construction status for so many reasons with local revenue at its lowest (*down na down an saato ekonomiya*) **mao po ini an pagsulod namo in July of 2016 as the newly elected officials of Gubat** .. a real challenge to all of us. We made a way, out-sourced, re-aligned, re-programmed local funds, we were able to finish the phase 1 of the market in August of 2017 and we were able to let the wet section transfer and the vegetable/fruit section in placed, clearing the streets of Zulueta and Roxas. Now the C-shaped building of the market is under construction with funds out-sourced from the following:

- LGU-Gubat Fund – Php27M
- from Sen. Chiz Escudero – Php17M
- from Coop-Natco Rep. Bravo – Php 8M
- from LGU through MDFO – Php49M

Under trade and industry, we have strengthened the agriculture and fishery which also includes livestock and poultry production, regulatory concerns on crab industry and agri/aqua-based livelihood support to our interested clientele. Along with this, we also equipped our labor-force with TESDA and DOLE training to improve their skills with several programs undertaken.

**\*\*\* Documentation: Agriculture/BUB/MSWD Livelihood Projects**

Our local revenue had increased and is expected to increase in the next years to come with the realization of all the above stated support specially the market which is due to be completed mid this year 2019. *Mao ini an bunga san paghingayad ta san sistema pinansyal nan padagos man na pagmayad san financial governance san ato bongto.* To give you an over-all picture of our Revenue:

	2016	2017	2018 (Jan-Nov)
<b>Local Tax Revenue</b>	3,111,213.68	4,118,863.43	4,402,361.44

<b>Real Property Tax</b>	806,950.42	861,462.67	1,103,346.25

#### **for the promotion of AGRI & ECO-Tourism:**

*We have improved our tourism opportunities along with the many factors affecting tourism: transportation, environment, community, people and everything in between. Thank you to our former Tourism Officer Rhodora Paula F. Yuzon who had contributed much on the concept and master plan of tourism in Gubat subject of course to changes. Along with this, we gather suggestions from all of you, all suggestions are welcome subject to the approval of the MTCAO.*

- Tourism Promotion, Monitoring and Sustainability
  - *Statistical Training/ Capability Building on Tourism-Engaged Businesses ( para po ini sa tourist arrival record nato .. before wara kita record kun pira o sira sin-o an nagkaranhi dini saato. As proud Gubatnon myself we are now visited by national and even international figures here in Buenavista for surfing ... salamat sa GSSA nan Gubat Inc.*
  - *Drafted Development Plan for Tourism*
  - *Student Immersion on Tourism Mentorship (trained on Data Gathering/Analysis and possible Tourist Guides in the future)*
  - *Criteria Met: SGLG Assessment for Tourism, Culture and the Arts*
  - **Consultations with DOT/NCCA/ St. Benilde/ etc**
  - **Promotion Gubat Culinary**
  - **Gubat Turismo Leaflets**
    - *1000pcs printed/available during the Ginubat Opening ... to the Legaspi Airport for Gubat Tourism Promotion*
    - *With FB Page : Gubat Turismo*
- On-Going Rehabilitation of Escurel-Sabater House into Gubat Heritage House (to preserve the rich arts and culture of Gubat)

- *Collaboration with De La Salle College of St. Benilde, NCCA, Arch Catherine Hermo, and MEO for its rehabilitation plan, rehabilitation is now on-going)*
- *Blessing and Introduction of Escurel-Sabater to **Gubat Heritage Center, 6-8-2018***
- Site Assessment
  - **Crab Sanctuary**
  - **Marine Park**
  - **Caves**
- Ginubat Festival
  - **Sisterhood Signing/Engagement with the Municipality of Liliw, Laguna** for a joint venture on Salanigo Slipper and Shoe Making June 2018) / exhibited during Ginubat Festival 2018
    - *Collaboration with DOST-PTRI for the improvement of Salanigo Textile/Fiber Coloring*
  - **Gat Silo at Dayang Mara, the Pageant** (named after our very own Gubatnon Epic)
    - *2017 Pagdomdom, Pagsabuhay, Pagpadagos*
    - **2018 Kulturang Gubatnon ato Urgolyuhon**
  - Culinary Promotion of Gubat's Delicacies
    - **Timitim** – endorsed to DTI/DOST for packaging and Preservation Techniques for promotion via DOT
- Revival: Street Dancing/Parade, the Story of Gubat which had been launched during Cong. Ding Ramos' time as Mayor of Gubat
  - *2017, performed Ginubat Street Dancing in Gubat, Casiguran and the Kasanggayahan*
  - *2017, Pantomina 1<sup>st</sup> Prize during Kasanggayahan*
  - **2018, Street Dancing in Gubat,– participated by the 42 barangays (salamat po sa saato na mga Kapitan)**
- Local Bands w/ RiverMaya 2017  
w/ Orange 'n Lemon 2018  
(the experience of playing with the popular bands is a learning process itself, a moment they will never forget)
- October Surfing Fest: LGU Supports (MDRRMO/Medics and others ...)
  - **Lola Sayong'd Swellfest by Gubat Inc.**
  - **Lunad sa Balud by GSSA**
- Christmas sa Gubat
  - *2016 with Revival of Pastores de Gubat ... with the **sundown Lantern Parade** w/ 2Ambu Highlighted; Big to Small Christmas Tree thru Typhoon, **Street Party w/ Fireworks** (1<sup>st</sup> time) for the Countdown by Ria;*
  - *2017 "Christmas in Gubat Goes Global", popularized the "tagiDyies" to Rave Party for the Countdown Rain or Rain Street Dancing and Band by Bhem;*
  - **2018 "Christmas sa Gubat Diri na-Lolobatt" to the New Year's Countdown of Local Bands and Fireworks**

**on Quality Education:**

We have improved the quality of education in the early years by the rehabilitation of DCCs and some others by converting it to ECCDs with trained teachers and rehabilitated facilities including the visual aids. In the elementary to high school to college we have disbursed a total of Php3,240,411.02 for 2018 as assistance per record. We have partnered with different institutions to collaborate more the learning process not only for our regular students but the OSYs as well. Farmers and fisherfolks were also trained and workshops had been given for them to share their field experiences and incorporate with our plans and projects. Several forums were given as the **SARIBO**, the Agricultural Forum; **DAYAW**, the Literary & Arts; **SIRANG**, the Summer Camp for Visual/Literary Arts, Pottery and Poetry, the **RARE Experience in CRM** Training and Workshop; and so many others ... We partnered with DepEd, BU, ECCD Council, DSWD V

We also have our strong infrastructure development in support to our vision and objectives (from outsourcing, under 20%MDF 2017-2018, Grants/Donations, etc ...)

... for the BARANGAYS:

1. Ariman – Solar Street Lights and Rehab of existing SORECo Powered Street Lights.
2. Bagacay – (coordinated projects with NGAs managed by DPWH); DCC to ECCD, Small Diversion Dam & Conveyance Channel, Rehabilitation of RC Line Canal
3. Balud Norte – Construction of 2/F Multipurpose Hall (2017-2018)
4. Balud Sur – Construction of Public Toilets (2017)
5. Benguet – Improvement of Multi-Purpose Hall (2017); DCC to ECCD
6. Bentuco – Improvement/Rehab of Barangay Health Center; Repair of Display Center GSARCFA; DCC to ECCD, Repair of Stage
7. Beriran – Concrete Widening of Beriran Rd, Purok2; Construction of Solar Street Lights along the National Hi-way
8. Buenavista – promotion of Tourism
9. Bulacao – Rehab of Footbridge, 2 units @ Sitio Malidlid, Paving of Roadway @ Bulacao NH/S, Pathway @ Sitio Lucha
10. Cabigaan – 2017 Rehab of MPH and Improvement of Solar Pavement
11. Cabiguhan – 2017-2018 FMR through DILG fund (Php12,321,000 -> 12,265,432.20), DCC to ECCD
12. Carriedo – Solar Street Lights along National Hi-way, Sitios Langka/Biao/Karagti-Payawin Pathway, DCC Improvement
13. Casili – Water System Phase2 (*mao ini an hinimo na proyekto san nakaagi na yadto an tangke/yadto an pipings pero wara sin turo na tubig and now it water is flowing, serving the people of Casili ... unless it serves the purpose it can never be considered development, we made it happen*), Construction of Local Access Road from LGSF-AM Php8,074,498 -> 6,014,901.02, Rehab/Improvement of DCC 2017
14. Cogon – Construction of Solar Street Lights along Nat'l Rd, Construction of MRF/Provision of SWM Equipment
15. Cota na Daco – Construction of Solar Street Lights, Repair of Roofing of the NCDC Bldg, Aguinaldo E/S
16. Dita – Construction of 2017 Slope Protection, Maintenance of Jupi-Dita Rd ARCP II, Dita Water System
17. Jupi – Construction/Rehab of Small Scale Irrigation Projects (2units PISOS), Rehab of Alanao Dam
18. Lapinig – Construction of Slope Protection, 2017-18 Water System Extension, Rehabilitation of the Stage

19. Luna-Candol – Construction of 2/F MPH(2017-18), Small Scale Irrigation @ Hiway59, 1 unit STW
20. Manapao – construction of water impounding structure
21. Manook – Concreting of Pathway @ Aguinaldo Extension
22. Naagtan –
23. Nato – Concreting of Pathway, Small Scale Irrigation-1unit STW
24. Nazareno – Improvement MPH, FMR Rizal-Nazareno from PAMANA, DILG
25. Ogao – Improvement of Health Center, Rehab/Improvement DCC
26. Paco – Construction of Water System (20%MDF/DILG), Concreting Paco-Nato unpaved Rd 2017, Construction of Small Scale Irrigation Project
27. Panganiban –
28. Paradijon – 2017 Rehab of MPH
29. Patag – Concreting of Brgy Rd 2017, Rehab of DCC
30. Payawin – Small Scale Irrigation @ S. Birhen, DILG Salintubig Php2M, Sitio Karagti-Payawin Pathway
31. Pinontingan – Rehab of DCC 2017 (DCC-ECCD)
32. Rizal – 2017: Concreting of Pathway (Calundan, Contod & Dalinding), Water Pipeline Construction in Bongsaran, Small Canal Irrigation, Repair/Maintenance of Water Reservoir/Water Line @ Rizal NH/S;Construction of RC Irrigation Line Canal, Tile Setting DCC Sitio Mabaga,
33. San Ignacio – Rehab of Upper Section of the River Control

35. Sta Ana – 2units STW for Small Scale Irrigation
36. Tabi – Improvement of MPH 2017; DCC to ECCD, Repair of Slope Protection,
37. Tagaytay – Improvement of Water System, DCC Improvement
38. Tigkiw – Rehab of MPH 2017, Tigkiw Water System
39. Tiris – 2units STW, Water System Phase 3 Extension
40. Togawe – Rehab/Improvement of Street Lights, Tigkiw-Togawe FMR, DCC
41. Union – Construction of Irrigation System (SWIP), Pathway Construction, Slope Protection PCCP
42. Villareal – DCC Improvement 2017, Construction of Box Culvert

*DCCs = 47; ECCDs = 10 ... (Cota@Aguinaldo E/S - NCDC / Mun/Bagacay/Benguet/ Bentuco/ Cabiguhan/ Pinontingan/ Tabi)*

Projects: Municipality of Gubat (supervised by MEO)

	2016 (57 projects)	2017 (51 projects)	2018 (60 projects)
<b>Completed</b>	61%	76%	85%
<b>On-Going (Cont.)</b>	12%	24%	15%
<b>Re-Programmed</b>	4%		
<b>Fund Transfer</b>	5%		
<b>For Canvass</b>	16%		
<b>For Posting</b>	2%		

Other subsidies given to barangays like construction materials/supplies for small barangay projects (in which labor is through barangay bayanihan sometimes sumasali ditto ang ating mga Konsehal, madalas na inalanyagan sa mga barangay si Kons. Kenneth), we also have trophies and prizes during barangay

activities, jetmatic pumps, wirings, bulbs, pipings, transportation allowances on group travels for a seminar or training representing our town, etc ... amounted to Php 4,712,857.00 last 2018.

With other projects for the whole municipality's use/service with supervision/management of LGU we have the following:

1. **Land Improvement/Site Development @ PAMANA Terminal + Fencing** (*tamang-tama man ini sa implmentasyon san Transportation Plan which is now mandatory to all municipalities to be incorporated to the CLUP, at this point we already have series of consultations with our transportation sectors, Tricycles headed by Mr. Anthony Lorenzo, PUJs through their President \_\_\_\_\_, and the different Bus Companies.*)
2. **DCC to ECCD** at the Municipal Cpd., Gubat
3. Repair of 2/F, Supermarket Building (as temporary office of the MTC, and maintenance of other offices of said building)
4. Improvement of 2/F Library Building (as temporary office of the SB)
5. Fabrication of Collapsible Stage
6. Construction of 53 Units Temporary Stalls (our assistance to the SMEs)
7. Slaughter House Dual Water Source
8. **Construction of Solar Street Lights** (Phase 1, 2017 from Cong's Street Lights sinugpunan nato going to Rizal passing the barangays of Cota na Daco/ Manook, Luna Candol. Paradijon, Panganiban, Ariman and Buenavista) and Phase 2, 2018 (from Cong's to Carriedo passing the Beriran and San Ignacion National Highway then from junction at SAA to Tiris passing the barangay of Cogon on its National Highway)
9. *Construction of Buffalo Barn, Payawin (we are an awardee for our AI technicians ... and the highest calf production in the region, sap unto na ini gusto kop o pasalamatan an nag-accommodate saato san barn through a usufruct with Mr. Rey Estareja who is also a very active member of our farmers association.)*
10. **Escurel-Sabater House** (a donated property in 2017) Rehabilitation for Gubat's Heritage House to be the center of Gubat's Heritage Walk (thanking the Escurel-Sabaterl family for entrusting this heritage house and all its contents)
11. *Site Development of the New Municipal Slaughter House, San Ignacio*
12. *Slaughter House Building from LGU through MDFO awaiting approval of all necessary requirements ... before it can be bidded and before it can proceed.*
13. **Safe Closure Rehabilitation of Dumpsite, Tagaytay – on-going**
14. Repair of Supermarket Roofing
15. Fabrication of Display Cabinet and Signage, Market
16. **Construction of Negosyo Center Phase 2**
17. Repair of Drainage System and Ramp, Market
18. Repair of Municipal Fish Hatchery
19. **Municipio Building 1** – LGU through MDFO, on-going
20. **Municipio Building 2** – through the coordination with Sen. Chiz Escudero via DPWH, on-going
21. **The Pavilion** – through Sen Chiz Escudero and Cong. Ding B. Ramos via DPWH
22. **The Andaya Gym** – Rehabilitated through Cong Ding Ramos via DPWH
23. **The Coastal Road**, from Cota to Balud Norte/Sur to Pinontingan to Panganiban exit at Quezon St. – a DPWH project through its Regional Office

24. **The By-Pass Road** – a DPWH project through its Regional Office, the LGU received an NTP for the project in September 2018, LGU's responsibility is to inform through a consultative meeting which was done for several times, gave financial assistance computed as regional daily wage rate X 60days = Php17,400 (released amount was Php18,000 to all 187 HHs affected from LGU and from out-sourced donation to LGU); re-location was identified through an LGU property in San Ignacio, NHA site development for said relocation was approved and awaiting for its bidding as it will be implemented by NHA in the amount of Php12M, additional aid is also being worked on from DPWH to all qualified HHs, training had also been conducted for livelihood support.
25. **The Drainage System** – almost completed (through the effort of Cong. Ding)
26. **The Waste Water Treatment Facility** – on-going (through the effort of Cong Ding)
27. **RHU Rehabilitation through BDO Foundation**
28. **Construction of 2/F TB-DOTs Bldg, Hiway59, Ariman** (through DOH)
29. **Rehabilitation to GWD** (through Sen Chiz Escudero & Cong Ding) – aram ko po mao man ini an sayo na awaton na na in-aasam san mga Gubatnon na maresolberan pero as explained before this is under a management separate from LGU. We are thankful na naka-intra man gihapon kita kaya aram ko daghanon an nag-aabang san report na ini. The rehabilitation of our GWD is through a budget sourced out by Sen Chiz and Cong Ding, the LGU had continuously followed-up, coordinated with the different technical working agencies the GWD, DPWH District2, DOH for water sanitation and planning, and our MEO at the LGU Gubat until the finalization of the plan, bidding process and now it has its NTP. At this very date, the construction of the water tank or the reservoir with a capacity of 500m<sup>3</sup> at an elevated part of Bentuco from the source at Orok, Casiguran is now started. To give you an overview, an naabot lang san pondo nato an connecting pipe from the source na san una naconnect lang kita sa piping mismo san Casiguran and piping proceeds to 8.9km from source, no more parallel piping as considered before and no more repair of the blue reservoir in Daco na Cota pero an pinakaimportante sini na resolberan nato an pinakaproblema which is the water source. Thus, as DPWH planned and approved, it will be delivered to us per program. To all who had been instrumental in ensuring the realization of this project ... salamatnon.

In 2018 Infrastructure Projects under the 20% MDF, 85% are completed and functional, 15% are on-going.

The promise of SHARED Governance ... a governance participated by all and sustained by all concerned cannot have any reason why it shouldn't move forward towards development ...

Sa pagpakusog ta san saato social services para sa intero na wara mabilin (*no one should be left behind, ika nga*) ... senior citizens, PWDs, kabataan, women, LGBT, nan sin mga mahapdos kasabay an edukasyon nan livelihood assistance ... our total budget disbursed for 2018 was **Php25,205,014.83**.

Pasensya na po kamo DAGHANON po kaya ini na proyekto ta, programa na aktibidades, halabaon lugod an report nato, but please bear with me ... obligasyon y responsibilidad ko po na maihatag saiyo an tama na mga report nan impormasyon ...

Mao po ini an naging resulta san saato SHARED governance, gusto sabihon diri lang kami kundi ako, ikaw kita intero partisipado sa panggogobyerno dini saato sa bongto san Gubat. But, SHARED also stands for Salud/ Hanapbuhay/ Agrikultura/ Rehabilitasyon sa Recursos Naturales/ Edukasyon/ Dedikasyon sa Pase Orden

## SALUD

Health is wealth and the greatest asset of Gubat is every Gubatnon thus the realization of the following Programs:

1. **Doktor sa mga Barangay** (through the expanded Local Health Board initiated during MLGP, participation by private doctors came in through a free PF from Dr. Joe Quiring)

### 2018 DSMB Record

## REHABILITASYON SA REKURSOS NATURALES

*An MAYAD na Gubatnon may pagmakulog sa kaniya kapalibutan, diri nagtatapok sin basura kun diin-diin lang ... let's all get involved in Marie Linig activities during Fridays at 4:00 to 5:00PM. By starting so, we will come up with a HABIT on cleanliness practiced not only on Fridays but all through the days .... Naimod na nato an epekto sin daghanon na basura na wara sin segregasyon = BAHA. If it happened in other municipalities it can also happen here ... habo ta yoon intero mangyari ... partisipasyon nato intero importantihon para maging malinig an Gubat diri kay puro kumento sa FB. We cannot do it alone, let us do it together! Daghanon an naghahapot na saato mga kababayan abroad kun nano an pwede na maicontribute sa Gubat ... mao na po ini ... pwede mga heavy duty na basurahan with segregation facilities, pwede mga buggy carts for transporting our wastes, pwede man mga MRF machineries or equipment, pwede man brick maker for our segregated plastics na maging garden pavers, etc. An mga Gubatnon innovative .. we can think of so many ways to help. We welcome any help.*

1. SWM Plan assisted by Kristine Antivola
  - 1.1 Finalization of SWMP (LGU/Prov/EMB) -
  - 1.2 Presentation to NSWMC

## DEDIKASYON SA PASE ORDEN

1. Solar Street Lights: (previously explained)
2. Regular Meetings: Peace and Order Management, DRRM Trainings to various groups
3. POPS Plan Implementation
4. Climate and Disaster Risk Assessment/CDRA and LCCAP Conducted (May-Dec 2018)
5. On-going Data Gathering for CLUP
6. Subsidy to PNP/PA/BJMP = Php 304,898.75, other NGAs = Php827,500.00

All our projects, programs and activities are supported by legal basis either on a national law and/or our ordinances with the IRR crafted by the executive branch spearheaded by the MPDO under Mr. Faustino E. Taclan. Along with all these, we are also guided by the crafted, approved PLANS through an ordinances adopting it like the Contingency Plan and the MDRRMO Plan (during disasters and emergencies); the Peace and Order Plan, the CDRA which is almost done, the Transport Plan as the newest inclusion in the formulation of CLUP spearheaded by Ms. Aida D. Handig. The CLUP is on-going and at this point I would like to thank our very able administrator Mr. Patrick B. Erestain for spearheading and linking us to the right people and organizations and most of the time FREE of charge like the CDRA formulation in which our staff (I think 20+ of them) were trained at the UPLB on its technicality of no professional charge and free board and lodging (@LGA House, UPLB) which other municipalities have to budget at least Php20M, napakalaki po ng natipid natin. *Salamatonon sa saato na mga staff na maaram san sa ato programa to give the best at the least expense ... all because we love our Gubat! Sa punto na ini , I would like to thank the late Celso Espaldon for introducing his wife to Gubat, sira po an technical staff behind CDRA.*

Other participation and cooperation with full of love to our town ...

Salamat sa **LGU family** na grabe man an paghinguha adopting sa mga kasiributan para lang maihatag nato an mayad na serbisyo sa bongto, salamat din san pagsabot san saako mga prioridad na hinahatagan ko pirme sin timeline kun nano dapat mahuman ... balbal baski halhal, salamatnon san pagsabot nan pagpadaba niyo saako ... thank you thank you ang babait ninyo!

Salamat man sa 42 na Barangay, kun nano man an mga PPAs nato yoon kamo pirme ... this 2019 we will focus on how we can help sa livelihood san saato mga kabarangay nan an SWM and resolve some more inequities sa salud. Salamat tabi.

NGAs for all the assistance and collaborations, you are always there ready to help.

NGOs/POs/Sectoral Groups: CCEPAG-PR for consolidating CSO networks for citizen's engagement towards participatory and accountable governance for poverty reduction, a project of Lingap para sa Kalusugan ng Sambayanan (LIKAS) 2.19.2018; the Women's Group spearheaded by Mrs. Salvacion Delmonte mayon po sira niyan sin bag-o na balay para sa mga kababayihan san Gubat .. yadto po ini sa Cogon; the BHWs and BNSs kamo an katuwang nato sa field work on health and nutrition; Tanods of the 42 barangays along with our PNP, Paraoma/Paraisda/Paratinda ... salamat for your contribution in the different fields of interests you are in.

Business/Private Sectors, salamat for being a part in our quest for a more stable business dealings in our community. Let us all contribute for the development of our town, looking forward na mas umasenso pa an saato mga negosyo as Gubat has the best strategic point in doing business, centro po kita san Prieto Diaz, Barcelona, Bulusan and part of Casiguran. An asenso niyo, asenso man san local revenue san Gubat!

Salamat sa saato miyembro san mga religious sectors, dako dako an papel nato sa pagpapasabot san mga PPAs in the standards of morals. Please help us in molding the needed values of our people in order for right choices in life and that is development on its first step. Salamatnon.

I would like to share with you the Polyetos of our Campaign Promise for a review and for an assessment on how we delivered, (grade mo man tabi kami ... how far have we gone? Below target ba?, just right? or above average? Kamo po an mahusga mga kapwa ko Gubatnon. Salamat and happy new year to all!

“We cannot have a higher standard of ethics in public service unless we have it in the source – in ourselves as a people.”

-Jovito Salonga
